REFEREE DANIEL MABASO

9 November 2017

To Whom It May Concern:

I have known **Daniel Mabaso** since February 2017. He immediately made his mark as reliable and dependable. It was this reliability and dedication to the UCT Athletics Club that saw him elected onto the UCT Athletics Committee as an additional member.

Danny has been responsible with communicating with the coach and assisting students by ensuring there is a pleasant training environment. There has been a number of challenges between the coach and the members that Danny has been instrumental in trying to resolve which has taken a large amount of time.

Danny has attended all committee meetings and his opinions, ideas and suggestions are always highly valued. He is a very reliable person who always tries to get everyone in the Club involved in any activity that is on the go. It is his reliable and responsible personality that draws people to him and is one of the main reasons why the committee values him so highly.

Danny is very passionate and enthusiastic with definite leadership ability. He is a hard working and conscientious sportsperson. He has displayed both perseverance and commitment while contributing to the running of the UCT Athletics Club. He is a team worker who often gives selflessly of his time in serving the Club.

Yours Faithfully
